Work Experience | APEGA

Apega Electrical Engineer Work Experience Engineering Work Experience. APEGA uses competency-based assessment (CBA) for Professional Engineer applications. CBA enables you to demonstrate how you qualify for registration, by having you use specific examples from your work history to prove that you meet 22 key competencies.

---

Apega Electrical Engineer Work Experience Record

Applicants for registration as a Professional Engineer must complete two forms to confirm their work experience: the Work Record Validator List (WRVL) and the Competency-Based Assessment Tool (CBAT). The WRVL measures the duration of an applicant's experience, while the CBAT captures the content. The WRVL is used to confirm that you have obtained at least 48 months of professional-level engineering experience, as legally mandated by the EGP Act and General Regulations (Div. 5 13 (1) (e) (i)).
