52 Mind-Blowing Ways to Poop The only known translation of an ancient manual instructing readers in the art of enlightened bathroom experience, the Kama Pootra offers a thrilling rediscovery of the tiled path to porcelain nirvana. Willing seekers will find fifty-two progressive positions designed to maximize how you do number two. Every time the bathroom door closes, a new experience awaits.

Many of us, without even realizing it, are dominated by fear. We might be aware of some of our fears—perhaps we are afraid of public speaking, of financial hardship, or of losing a loved one. Chögyam Trungpa shows us that most of us suffer from a far more pervasive fearfulness: fear of ourselves. We feel ashamed and embarrassed to look at our feelings or acknowledge our styles of thinking and acting; we don't want to face the reality of our moment-to-moment experience. It is this fear that keeps us trapped in cycles of suffering, despair, and distress. Chögyam Trungpa offers us a vision of moving beyond fear to discover the innate bravery, trust, and delight in life that lies at the core of our being. Drawing on the Shambhala Buddhist teachings, he explains how we can each become a spiritual warrior: a person who faces each moment of life with openness and fearlessness. "The ultimate definition of bravery is not being afraid of who you are," writes Chögyam Trungpa. In this book he offers the insights and strategies to claim victory over fear.

The true story behind this fitness phenomenon and its long, controversy-plagued road to popular success. While millions today find the Pilates system helps to strengthen the core, improve posture, and recover from or prevent injuries and pain, Pilates has been clouded in controversy since the beginning. Its origin story is one of greed, ego, celebrities, and lies, with heated legal controversy that threatened the industry. In *The Pilates Effect*, Stacey Redfield and Sarah Holmes reveal the hidden history of Pilates. From humble beginnings, Joseph Pilates founded the groundbreaking regimen in New York City and worked closely with his partner Clara to rehabilitate and renew dancers who had been injured or were aging. Although Joseph's core strengthening regimen was touted as "fifty years ahead of [its] time," finance and health issues plagued Joe and Clara's business. A small and devoted group of followers, including Carola Trier, would fight to spread the practice that they felt gave them a second chance at life and rehabilitated their bodies and souls. A fascinating and inspiring story of fitness in America, *The Pilates Effect* showcases the people and events that formed an iconic industry, and reveal how it offers positive change for everyday people regardless of gender, ethnicity, or background.

Two experimental procedures prompted the empirical development of psychophysical models: those that measure response frequency, often referred to as response probability, and those that measure response time, sometimes referred to as reaction time. The history of psychophysics is filled with theories that predict one or the other of these two responses. Yet the persistent reappearance of empirical relationships between these two measures of performance makes clear the need for a theory that both predicts and relates these two measures. Most likely, both response measures are the result of a single process that generates empirical laws relating response time and response probability. It is this process — its theory, description, and application — that is the topic of *The Wave Theory of Difference and Similarity*. Originally published in 1992, the author of this book has set out to provide a theoretical foundation for formulating new theories that systematize earlier results and to stimulate new concepts and introduce new tools for exploring mental phenomena and improving mental measurement.

This is a new release of the original 1962 edition.

Move over traditional sightseeing, throngs of visitors, and tourist traps! Explore Europe on Foot gives travelers an alternative way to discover Europe. A hiking vacation offers countless rewards: the time to admire the tidiness of a village farm, soak in the rugged alpine view from a rocky perch, and absorb a country through the smells of its landscape and encounters with locals. Explore Europe on Foot is a complete guide to conceptualizing, planning, and executing the slow-travel hike (or hikes!) of a lifetime. Author Cassandra Overby tells you how you can spend all, or even just part, of your vacation enjoying scenery, small towns, and cultural experiences most travelers miss—all without carrying a big backpack. This guide offers all the nuts and bolts you need: how to choose a route that is right for you, how to plan, what to pack, what to expect, how to find accommodations and food, how to deal with challenges along the way, and so much more. These aren't wilderness backpacking trips, but rather a wide range of town-to-town walks that offer the opportunity to have an authentic, affordable, restorative vacation. Travelers will also appreciate overviews of fifteen long-distance trails in Belgium, France, Italy, Germany, Great Britain, Morocco, Portugal, Spain, Switzerland, and Turkey, with itineraries that range from one to fifteen days. For those unwilling to go all-in, Cassandra also offers tips on incorporating day-hike outings into a more traditional vacation. The focus is on how to craft that more immersive vacation so users of the guide will be able to apply what they learn to their own dream destinations. 15 Handpicked Walks include: Rota Vicentina, Portugal English Way, Spain Mont Saint-Michel, France Alsace Wine Route, France Tour du Mont Blanc, France and Italy Cinque Terre 2.0, Italy Lycian Way, Turkey Alpine Pass Route, Switzerland King Ludwig's Way, Germany The Moselle, Germany The Ardennes, Luxembourg and Belgium The Lake District, England, UK West Highland Way, Scotland, UK Laugavegur Trek, Iceland The Sahara Desert, Morocco

Tight lines and strong knots.Disclaimer: No responsibility in any way is accepted for incidents arising from the use of this material.

Flynn County Sheriff Elle Ashley has spent her adult life atoning for her wild youth, but when she finds her ex, Jessie, murdered two weeks before the small town's biggest social event, she comes face-to-face with her past and all her well-kept secrets. Not only is this Elle's first murder investigation, it's the town's first in over fifty years. She must find a killer before there are any more casualties and keep her troubled little brother off the suspect list, all under the watchful eyes of a Chicago reporter. Investigative reporter Robin Oakes isn't a small-town kind of girl, and she's determined to get in and out of Turlough as fast as possible. One look at Sheriff Ashley has her rethinking her plans. As pressure mounts to solve Jessie's murder, Elle gets help from the most unlikely source—Robin, who appears to be more interested in her than getting the story.

Written in the tradition of works by Joan Didion, bell hooks, Toni Morrison, and Eve Ensler, this "profoundly insightful and brilliantly inciting" (Dominique Morisseau, Obie Award-winning playwright) exploration of the soul of the United States—the past, the present, and the future Kevin Powell wants for us all, through the lens and lives of three major figures: his mother, Barack Obama, and Donald Trump. Ten short years ago, Barack Obama became president of the United States, and changed the course of history. Ten short years ago, our America was hailed globally as a breathtaking example of democracy, as a rainbow coalition of everyday people marching to the same drum beat. We had finally overcome. But did we? Both the presidencies of Obama and Donald Trump have produced some of the ugliest divides in history: horrific racial murders, non-stop mass shootings, the explosion of attacks on immigrants and on the LGBTQ community, the rise of anti-Semitism and Islamophobia, a massive gap between the haves and the have-nots, and legions of women stepping forth to challenge sexual violence—and men—in all forms. In this collection of thirteen powerful essays, "Kevin Powell thoughtfully weaves together the connective tissue between gender, race, sexuality, pop culture, and sports through a series of raw, incredibly personal essays" (Jemele Hill, writer and ESPN anchor). Be it politics, sports, pop culture, hip-hop music, mental health, racism, #MeToo, or his very complicated relationship with his mother, these impassioned essays are not merely a mirror of who we are, but also who and what Powell thinks we ought to be.

Better than a cold shower-and a lot funnier. Choke the chicken, spank the monkey, charm the snake-however you refer to it, none of the images in this book will encourage you to pleasure yourself. This deceptively simple and strangely addictive book presents a laugh-out-loud collection of random pictures virtually guaranteed to dampen the urge of even the strongest libido.
