misunderstood but fascinating field of study is now brought within the reach of the average collector. Written with the interests of novice collectors and dealers in mind, superbly illustrated in colour throughout, each of the introductory chapters conclude with suggestions for further reading, and thus provide a fast but solid grounding for the primary focus of the book: dating of later Chinese porcelains. This book discusses marks, reign marks, footrimms, glazes, bubbles, flaws and imperfections, and other indications of a date of manufacture, including the contentious subjects of hollow line and the reversed S; illustrating in close-up images many of the features used by the author to substantiate his assertions. Unashamedly provocative, Allen concludes with chapters on those subjects most earlier writers treated as taboo, including Modern Fakes and their Detection, Buying Trips in Asia, and Recommendations for Investment.

Seven billion people on earth; it was only a matter of time before you discovered the truth. Your legends--your myths and religions--have called us by many names. Since the beginning, our kind has walked among you as your protectors. We are the only ones who know who you are and why you are here. He wasn't meant to disappear; you weren't meant to know why. Our objective was clear: hunt them, kill them and leave. Once you know, there will be no going back. They will come for you. Are you ready?

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.
