Five Elements Of Design in Floristry. Artists, architects, artisans, and philosophers throughout history have produced theories to help evaluate and analyse, the qualities of their artwork. Clothes, interiors, gardens, website, cars, technology or any product, has been designed, analysed and evaluated using a set of theories, or a set of guidelines too This ensures that the created item is fit for purpose, it does what its suppose to do, it gives value, and it's of commercial quality.
