LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

comprehensive reference source to the conduct of the complex international cotton market. CTM begins by looking at the history of the cotton trade, and then moves on to assess the current global picture, including a discussion of trends in the market, as well as production and consumption analysis. The third and fourth parts focus on trading in physical cotton and futures respectively. Finally, the last section deals with administrative and management issues within the cotton trade as a whole, such as contracts, insurance and risk management. CTM is an indispensable practical companion for all those involved with trading in this commodity. Comprehensive reference to the complex international cotton market Discusses the history of the cotton trade Assesses the global picture, looking at trends and

production and consumption analysis

The concept of democratic freedom refers to more than the kind of freedom embodied by political institutions and procedures. Democratic freedom can only be properly understood if it is grasped as the expression of a culture of freedom that encompasses an entire form of life. Juliane Rebentisch's systematic and historical approach demonstrates that we can learn a great deal about the democratic culture of freedom from its philosophical critics. From Plato to Carl Schmitt, the critique of democratic culture has always been articulated as a critique of its "aestheticization". Rebentisch defends various phenomena of aestheticization from the irony typical of democratic citizens

to the theatricality of the political Ð as constitutive elements of democratic culture and the notion of freedom at the heart of its ethical and political self-conception. This work will be of particular interest to students of Political Theory, Philosophy and Aesthetics.

Master storyteller Diana Wynne Jones presents a riveting collection of unpredictable tales, including: A cat tells how the kindhearted wizard she owns is suddenly called upon to defeat a horrific Beast. When Anne has mumps, her drawings come to life, and she must protect her home from them. Four children become involved in the intrigue surrounding an innocent prince, an evil count, and a brave outlaw. These fifteen stories and one novella will enchant, startle, and

Fundamentals of lumped circuits. Transformers. Voice-coil motors. Step motors. Materials for magnetic devices.

"Towards the end of the month of April last, some men of influence and fortune, residing somewhere in the western country, thought of making a speculation in order to obtain Slaves for a trifle. They hired Charles Miller, William Weatherford [and others], and under these chiefs, were engaged about two hundred Cowetas Indians. They were ordered to proceed along the western coast of East Florida,

southerly, and there take, in the name of the United States, and make prisoners of all the men of colour, including women and children, they would be able to find, and bring them all, well secured, to a certain place, which has been kept a secret." "Advice to Southern Planters" in Charleston City Gazette. This novel, historical fiction, reunites twins Cato and Andro, ripped apart at birth, one raised as a slave, the other as the adopted son of a Duke. Their quest to find their mother leads to a race against the Coweta raiders. They deal with slavers, unscrupulous English men, pirates, and the untamed frontier. In this adventure they join Red Stick survivors of the Creek and First Seminole War in a joint race for survival.
