As concepts and problems get tougher, some 4th graders might find themselves lagging behind. Revising old concepts and adding additional practice material in the lesson plans is, therefore, essential. While drafting the lesson plans for 4th graders, parents and teachers should also think about how they will present their material. Engaging the kids and encouraging their participation will help 4th graders understand and retain the content better.

Grade 4 (Year 4) is the first year of upper primary, and children at this age should be introduced to more sophisticated and meaningful ways of linguistic expression, both in speaking and writing. Children at this stage are more mature than before, and are capable of exploring the English language more independently than before.
