The immune system is the primary defense mechanism of our body to fight cancer. Cancer cells and pathogens can spread quickly in the body, when the immune system is weak. Only an intact immune system manages to eliminate the hostile cells. Strengthening the immune system therefore is extremely important for the prevention of cancer. In this homeopathic and naturopathic adviser, I will give you recommendations how to prevent cancer with Homeopathy, Schuessler salts (also named cell salts, tissue salts) and herbal tinctures. I will present you the most proven homeopathic remedies and Schuessler salts, including the appropriate potency and dosage. I wish you much success, joy of life and especially your health.
