A qualitative analysis of the interview data revealed a complex array of factors related to learner perceptions and their access to resources, which are highly dependent on learners' sociocultural and educational context, and which shape washback to the learner. The IELTS Test created positive washback on learners' language ability and test preparation strategies, specifically regarding productive skills, which learners in the study context had neglected in their previous language study.

Investigating washback to the learner from the IELTS test ...

Washback on learners' test preparation strategies has been investigated within instructed ESL contexts (e.g., Brown 1998; Elder & O' Loughlin 2003; Green 2007; Read & Hayes 2003). In IELTS preparation courses, students tend to focus on test-related tasks and materials when preparing for the test (Green 2007; Mickan & Motteram 2008).
