Theories of International Relations

International relations theory is the study of international relations from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole

Online Library International

Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent of realism may completely disregard an event that a constructivist might pounce upon as

Online Library International

crucial, and vice vers

Theories
International relations
theory - Wikipedia

Three Major Theories
of International

Relations 1. Realism.

The theory of realism
in international
relations generally
assumes that the
international system is
inherently disorderly
and relations are

Online Library International

anarchic because
primary actors are
perpetually locked
against a struggle for
power and security.

The Realist Theory of
International
Relations. Realism is
a theory of
international relations

Online Library International

that arose slowly out of the work of various theorists who took a distinctive attitude and view in the analysis of international affairs.

The theory puts emphasis on limitations on politics brought in by human nature and the lack of a world government.
