Focusing on all current applications, this book presents the various methods as well as their suitability and limitations for a specific question. One particular highlight is the presentation of all basic information on the structure of the relevant objects, thus allowing readers to choose the most suitable applications for any specific problem. They will also find in-depth background information on structure-function relationships, plus descriptions of sample preparations with respect to a particular technique and the necessary equipment. The whole is rounded off with an overview of the future application potential for devices and applications of upcoming interest in biotechnology.

Ready-to-go activities for teacher trainers running pre- and in-service training courses. For busy teacher trainers who practise what they preach: trainees will benefit from learning about methodology in training sessions which are in themselves models of good teaching practice.

From the world's foremost authority on chart analysis-- a practical new treatise on mastering powerful trading tools and systems In the sequel to his best-selling book, *The New Science of Technical Analysis*, Tom DeMark refines the most popular and precise of his indicators with exacting new attention to real-time trading applications. For the first time, DeMark shares his powerful new indicator, TD Combo, which when combined with the highly popular Sequential Combination is a powerful new tool for understanding market rhythm and calculating price points. THOMAS DeMARK (Phoenix, Arizona) and his technical indicators have been a major force at some of the largest and most successful trading operations in the world, including his own firm, Devan Capital.

The *Business English Teacher* is a book not only for teachers who are thinking of making a career move into the field of business English teaching but also for those who would like to increase their skills and develop their potential. The *Business English Teacher* contains three distinctive parts which focus in turn on theory, practice and development: Part A: What is a business English teacher? The answer involves a reassuring yet challenging mix of general and specific teaching skills, where the focus is always on the learners' needs. The authors look into who you teach, what you teach, where you teach and, above all, how you teach. Part B: A bank of activities covering all the stages of a successful business English course from the very beginning, investigating and practising the language needed for business skills and the language skills needed for business. The sections cover telephoning and socialising, emailing and negotiating, meetings and presentations -not forgetting aspects of grammar, vocabulary and phonology. Part C: A reflection on one's current degree of success, with strategies for further development, both as an English teacher in general and a business English teacher in particular - in other words, as an all-round professional.

Vocabulary Matrix: Understanding, Learning, Teaching is an innovative resource for language teachers, particularly those who are pre-service or new. This dynamic guide to the methodology of vocabulary instruction offers clearly written theory and keeps a compelling focus on practical teaching applications throughout.
