Extend the trolling motor column so that the coiled power cable is as long as possible. Starting from the trolling motor head, wrap the coiled GPS cable around each coil of the power cable until you reach the lower mount. This will place the coiled GPS cable inside the coils for the power cable. Page 12  
PRODUCT INSTALLATION AND OPERATION 8.

It is strongly recommended that each operator (driver) read and understand this entire manual before operating the trolling motor. Be sure at least one additional person on board is instructed in the basic operation of the trolling motor in case the driver is unable to operate the boat.
