Our standards for student supervision and assessment have been in effect since 28 January 2019. They set out our expectations for the learning, support and supervision of students in the practice environment. As well as setting out how students are assessed for theory and practice learning.

Standards for student supervision and assessment

In May 2018, the NMC published their new standards for education and training. Here is a short NMC video which explains how the standards are set out. In addition to the standards, each programme will also have its own proficiencies which students will need to achieve. The new standards and proficiencies for each professional group can be viewed on the NMC website and some are still in development.

Student nurses must successfully complete an NMC-approved pre-registration programme in order to meet our standards for registered nurses and be able to join our register. Our standards framework. Our standards for pre-registration midwifery programmes follow the student journey and are grouped under the following five headings:

Standards for pre-registration nursing programmes – nmc.org.uk

The NMC Code is the professional practices and standards for nurses and midwives practising in the UK. The publication details the duties and responsibilities of nurses in practice and illustrates the professional attitudes and actions necessary for good patient care. The NMC Code also focuses on professional and practical aspects of nursing care. The NMC Code pertains to direct patient care, but also covers a range of other activities in nursing practice.

Nursing and the NMC Code

NMC faculty are using OER and other creative textbook choices to lower the cost of education for all students. These efforts have saved NMC students an estimated \$1,769,200 since Fall 2015. Below is a list of known courses using free or low cost materials.
