Nova is a Chemical Company based in Texas and formed in 1951. With the passage of time it diversified its product line and listed on stock exchange in 1977. It has divided its operations in three divisions in order to serve the market with greater efficiency. In the eleventh month of 1989 Nova Chemicals faced two opportunities, one of investment in its product division of EPD which also shows a significant expansion in last few years and second of the sale of its IPD division which is also ...

Nova Chemical Corp Case Study Help - Case Solution & Analysis

Nova Chemical Corporation faced two financial decisions. One concerned the financing of a major investment to be made in new production facilities for the rapidly expanding Environmental Products Division (EPD). These new facilities would not only improve EPD's operating margins but also provide the capacity to accommodate an expected surge in the division's sales growth over the next five years.
