Sometimes called "The Chivington Massacre" by those who would emphasize his responsibility for the attack and "The Battle of Sand Creek" by those who would imply that it was not a massacre, this event has become one of our nation's most controversial Indian conflicts. The subject of army and Congressional investigations and inquiries, a matter of vigorous newspaper debates, the object of much oratory and writing biased in both directions, the Sand Creek Massacre very likely will never be completely and satisfactorily resolved. This account of the massacre investigates the historical events leading to the battle, tracing the growth of the Indian-white conflict in Colorado Territory. The author has shown the way in which the discontent stemming from the treaty of Fort Wise, the depredations committed by the Cheyennes and Arapahoes prior to the massacre, and the desire of some of the commanding officers for a bloody victory against the Indians laid the groundwork for the battle at Sand Creek.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. This compilation of Dale Morgan's historical work on Indians in the Intermountain West focuses primarily on the Shoshone who lived near the Oregon and California trails. Three connected works by Morgan are included: First is his classic article on the history of the Utah Superintendency of Indian Affairs. This is followed by an important set of government reports and correspondence from the National Archives concerning the Eastern Shoshone and their leader Washakie. Morgan heavily annotated these for serial publication in the Annals of Wyoming. He also wrote a previously unpublished history of early relations among the Western Shoshone, emigrants, and the government along the California Trail. Morgan biographer Richard L. Saunders introduced, edited, and further annotated this collection. His introduction includes an intellectual biography of Morgan that focuses on the place of the anthologized pieces in Morgan's corpus. Gregory E. Smoak, a leading historian of the Shoshone, contributed an ethnohistorical essay as additional context for Morgan's work.

Scholars and activists Roxanne Dunbar-Ortiz and Dina Gilio-Whitaker tackle a wide range of myths about Native American culture and history. Tracing how these ideas evolved, the authors disrupt long-held and enduring myths such as: "Thanksgiving Proves the Indians Welcomed Pilgrims", "Indians Were Savage and Warlike", "Europeans Brought Civilization to Backward Indians", "Sports Mascots Honor Native Americans", "Most Indians Are on Government Welfare", "Indian Casinos Make Them All Rich", and "Indians Are Naturally Predisposed to Alcohol. Each chapter shows how these myths are rooted in the fears and prejudice of European settlers and in the larger political agendas of a settler state aimed at acquiring Indigenous land.
