Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

The award-winning writer of *White Tears* and *The Impressionist* takes an ultra-contemporary turn with the story of an Indian computer programmer whose luxurious fantasies about life in America are shaken when he accepts a California job offer. Lonely and naïve, Arjun spends his days as a lowly assistant virus-tester, pining away for his free-spirited colleague, Christine. Arjun gets laid off like so many of his Silicon Valley peers, and in an act of desperation to keep his job, he releases a mischievous but destructive virus around the globe that has major unintended consequences. As world order unravels, so does Arjun's sanity, in a rollicking cataclysm that reaches Bollywood and, not so coincidentally, the glamorous star of Arjun's favorite Indian movie.

The testament of a boy and a generation who came of age as the world came apart--a generation searching for a new way to live. Casey Gerald comes to our fractured times as a uniquely visionary witness whose life has spanned seemingly unbridgeable divides. His story begins at the end of the world: Dallas, New Year's Eve 1999, when he gathers with the congregation of his grandfather's black evangelical church to see which of them will be carried off. His beautiful, fragile mother disappears frequently and mysteriously; for a brief idyll, he and his sister live like *Boxcar Children* on her disability checks. When Casey--following in the footsteps of his father, a gridiron legend who literally broke his back for the team--is recruited to play football at Yale, he enters a world he's never dreamed of, the anteroom to secret societies and success on Wall Street, in Washington, and beyond. But even as he attains the inner sanctums of power, Casey sees how the world crushes those who live at its margins. He sees how the elite perpetuate the salvation stories that keep others from rising. And he sees, most painfully, how his own ascension is part of the scheme. *There Will Be No Miracles Here* has the arc of a classic rags-to-riches tale, but it stands the American Dream narrative on its head. If to live as we are is destroying us, it asks, what would it mean to truly live? Intense, incantatory, shot through with sly humor and quiet fury, *There Will Be No Miracles Here* inspires us to question--even shatter--and reimagine our most cherished myths.

What can you bench? Can I skip leg day? Do you even lift, bro? At long last, these pressing questions asked by bros around the world will be answered in *The Swoly Bible*. Inspired by the massively popular YouTube channel *BroScienceLife*, *The Swoly Bible* is a humorous guide to gym culture, authored by lovable meathead (and hilarious fictional persona) Dom Mazzetti. In it, the Professor will dissect important topics and offer 'helpful' lifting tips. With illustrations and charts throughout, this laugh-out-loud parody is the perfect gift book for those in your fitfam.
