The book "Smart People Should Build Things" makes a basic argument. If year after year we send our top people to financial services, management consulting, and law schools, we'll wind up with the pattern we're already seeing: layers of highly paid professionals working astride faltering companies and industries. But if we send them to startups, we'll get something else. Early-stage ...

~~Smart People Should Build Things—Venture For America~~

In Smart People Should Build Things, this self-described "recovering lawyer" and entrepreneur has woven together a compelling narrative of success stories (including his own), offering observations about the flow of talent in the United States, and explaining why current trends are leading to economic distress and cultural decline. He also presents recommendations for both policy makers and ...
