Software Engineering introduces readers to the overwhelmingly important subject of software programming and development.In the past few years, computer systems have come to dominate not just our technological growth, but the foundations of our world's major industries.

Software Engineering: Amazon.co.uk: Sommerville, Ian ...

Showing this books value, this book is referenced numerous times in the IEEE's Software Engineering Body of Knowledge. I believe it's referenced more than any other source. I have both the 8th and 9th editions of this book. The 9th contains well-thought out updates, and I'd encourage those considering editions to use the latest edition.
