A hip, empowering, get-real guide to loving the body you're in. For young women today, developing a healthy body image can be a challenge. Yet Katherine Schwarzenegger has done just that. She has been there . . . and back, and has come not only to accept but to love her curvy, powerful, smart, sexy, and happy self. She wants to help other girls do the same-recognize their own beauty, both inside and out. An estimated 8 million Americans have an eating disorder. Seven million of those are young women, and more and more of them are girls. Girls are increasingly growing dissatisfied with their bodies, trying to change them and fit into some image or mold of perfection that is impossible to achieve. Where are they getting this from? The answer is clear: their moms, sisters, friends, frenemies, television, movies, magazines, and every other media outlet imaginable. When you open a magazine or watch a movie, what kind of girls do you see? Skinny ones! Impossibly perfect girls with immaculate bodies. Everywhere they look, girls are inundated with carefully airbrushed, highly inaccurate images of the female body. It's no wonder they feel something's wrong with them! In this down-to-earth, reassuring, and fun book, Katherine calls for a new way of seeing what is beautiful. Packed with informative facts, moving personal anecdotes from Katherine's life, and the voices of other Rock What You've Got women, her book celebrates the female form, whatever the size, and inspires girls to ROCK WHAT YOU'VE GOT!

Toddlers learn how to link facial expressions to emotions as they take a close-up look at some of the funniest and fuzziest monster faces on Sesame Street, from happy Zoe and her lollipop to unhappy Elmo and his dropped ice cream cone.

The World of Rome is an introduction to the history and culture of Rome for students at university and at school as well as for anyone seriously interested in the ancient world. Drawing on the latest scholarship, it covers all aspects of the city - its rise to power, what made it great, and why it still engages and challenges us today. The first two chapters outline the history and changing identity of Rome from 1000 BC to AD 476. Subsequent chapters examine the mechanisms of government, the economic and social life of Rome, and Roman ways of looking at and reflecting the world. Frequent quotations from ancient writers and numerous illustrations make this a stimulating and accessible introduction to ancient Rome. The World of Rome is particularly designed to serve as a background book to Reading Latin (Cambridge University Press, 1986).

Today is a very special day . . . it's Tag's birthday! What has Duggee got in mind for a surprise? A very bouncy present, that's what! Join everyone's favourite dog in this adorable tale for budding young Squirrels!
