You can't always decide where life will take you--especially when you're a kid. Carlie knows she's got no say in what happens to her. Stuck in a foster home with two other kids, Harvey and Thomas J, she's just a pinball being bounced from bumper to bumper. As soon as you get settled, somebody puts another coin in the machine and off you go again.

Pinballs is about three children (~pre/early teen) who find themselves placed in the same foster home, each coming from their own less-than-perfect situations. The book is an easy read; regardless of the Lexile level I would recommend it for 4th-5th graders. The only proviso is that many of the references (e.g., to television shows) are very dated and can lose a modern student reader quite ...

The Pinballs (Apple Paperbacks): Byars, Betsy ...

Pinball is a type of arcade game, in which points are scored by a player manipulating one or more metallic balls on a play field inside a glass-covered cabinet called a pinball machine. The primary objective of the game is to score as many points as possible.

Pinball machines have been around since the end of the 19th Century. But it's really been since the 1940s and 50s that pinballs really took off (especially with the introduction of the flipper in 1947). During that time, and up until the present day, pinball machines have been an art form of their own - there really is nothing else like them!

Readers of a certain age will fondly remember the old mechanical pinball machines showcased in The Pinball Compendium: 1970-1981, from a long-lost Golden Age of Pinball before skill took a back seat to incomprehensible playfields and audio overstimulation. Unfortunately, that's about all that recommends this book.
