1400+ Q&As and a test-simulating CD deliver unmatched preparation for the radiography certification/recertification exam 4 STAR DOODY'S REVIEW! "This is an excellent resource for radiography student interns to use to prepare for the national registry. It poses a series of questions from each integral portion of radiography and covers all the units thoroughly....This is a wonderful resource for students to use to fully prepare for the exam....This is the best book around to prepare interns for the exam."--Doody's Review Service LANGE Q&A: Radiography Examination, 9e provides radiography students and recertifying radiographers with more than 1,400 registry-style questions with detailed answer explanations. Questions are organized by topic area for focused study and the book also includes two comprehensive practice exams. This ninth edition includes the ARRT examination content to be implemented in January 2012. Also new is coverage of computed tomography (CT) technology within the chapters on radiation protection, equipment, procedures, and CT imaging. Also included is an exam-simulating CD containing two complete practice exams. Features Sections include Patient Care, Radiographic Procedures, Radiation Protection, Image Production and Evaluation, and Equipment Operation and Maintenance Written by an author with more than 35 years teaching experience Each question includes detailed explanation of correct and incorrect answer options Companion CD features one complete practice exam

In addition to updated data from the 1998-1999 Occupational Outlook Handbook, this new edition adds key information from the very latest occupational resource--The Occupational Information Network, known as O'NET. Millions of job seekers and career changers make this reference their choice for comprehensive job information.

The 'London Art and Artists Guide' provides information on art schools, museums, galleries, studios and the people involved with them. It also covers restaurants, markets and general features that relate to London.

Handbook of Canadian Foreign Policy is the most comprehensive book of its kind, offering an updated examination of Canada's international role some 15 years after the dismantling of the Berlin Wall ushered in a new era in world politics. Tackling recent developments in Canadian foreign policy, the authors of this work spotlight Canadian idiosyncrasies within a global context that are defined by wrenching juxtapositions. The specialists who have contributed their expertise to this book provide sophisticated analysis-conceptual as well as historical-rather than simply impressionistic judgments about contemporary events. Highlighting both well-known and understudied topics, this handbook presents a marriage of the familiar and the underappreciated that enables readers to grasp much of the complexity of current Canadian foreign policy and appreciate the challenges policymakers must meet in the early 21st century.
