From the bestselling author of *The End of Lawyers?*, this book predicts fundamental and irreversible changes in the legal world and offers essential practical advice for those who intend to build careers and businesses in law. A definitive guide to the future for aspiring lawyers, and for all who want to modernize today's legal and justice systems.

*Women, Business and the Law 2021* is the seventh in a series of annual studies measuring the laws and regulations that affect women's economic opportunity in 190 economies. The project presents eight indicators structured around women's interactions with the law as they move through their lives and careers: Mobility, Workplace, Pay, Marriage, Parenthood, Entrepreneurship, Assets, and Pension. This year's report updates all indicators as of October 1, 2020 and builds evidence of the links between legal gender equality and women's economic inclusion. By examining the economic decisions women make throughout their working lives, as well as the pace of reform over the past 50 years, *Women, Business and the Law 2021* makes an important

contribution to research and policy discussions about the state of women's economic empowerment. Prepared during a global pandemic that threatens progress toward gender equality, this edition also includes important findings on government responses to COVID-19 and pilot research related to childcare and women's access to justice.

This book, written jointly by an engineer and artificial intelligence expert along with a lawyer and banker, is a glimpse on what the future of the financial services will look like and the impact it will have on society. The first half of the book provides a detailed yet easy to understand educational and technical overview of FinTech, artificial intelligence and cryptocurrencies including the existing industry pain points and the new technological enablers. The second half provides a practical, concise and engaging overview of their latest trends and their impact on the future of the financial services industry including numerous use cases and practical examples. The book is a must read for any professional currently working in finance, any student studying the topic or anyone curious on how the future of finance will look like.

How has »ethnic entrepreneurship« emerged and developed since the late eighties in Berlin? In his study, Baris Ülker answers this question by relying on the experiences of immigrants from Turkey. Most academic studies on »ethnic entrepreneurship« have focused either on the »most unitary« structure available in the »natural flow of history« or on the pre-given »cultural« characteristics of immigrants. This book instead sets historical ruptures, conditions of possibility and

individual practices in context. It analyzes how human beings have been turned into »ethnic entrepreneurs« and explains the ways of governing the self and others in the neoliberal urban context.

This book provides strategies to solve conflicts. Co-developed by Harvard University, many lawyers, two kissing boxers, a cowboy, Mikhail Gorbatsjov.
